Well kinda funny
Okay kinda funny in the right context

About

I am currently looking for work, like all of us poor worker-bees. I don't really have strong feelings on what I want to do. So no, I won't care about being a WORKPLACE-HERO™ or any other cringey attempt at motivating me. But if you are looking for someone who is self-motivated and quite competent, I am more than capable of doing that.

Experience

Strang Hall | Restaurant

I did standard host/busser/waiter work. I took the job because I needed to be around people after lockdown. I left because I was moving to Portland.

ScriptPro | IT Customer Support

The company built pill dispensing machines, and I worked on customer support. So I remotely troubleshoot windows, physical machine failures and other related issues. I left because I needed to take some time to work through some mental health issues.
